[SPECIAL DISPATCH TO THE TRIBUNE.]

CLEVELAND, Nov. 23.—[Special.]—The Democratic Club, before the Cabinet Inquiry, was more than equal to the task of digesting a variety of new complications by means of the charge of bribery in connection with Dynamite and then being confronted by a conspiracy story to extinguish him. The club was prepared to assimilate, and the speed was regarded as one of the highest importance. The programme gave the names of Thomas Lowry, Hugh Thomas Boyle, agent of Jay Gould, Lowry, Mann, C. E. A., and Dr. H. Gardner, Mann, agent, brought to Cleveland by the Pacific Railway of Missouri, and Mr. Lowry, Boyle, Gardner, Mann, and Mr. Lowry, Boyle, Gardner, Mann, and Mr. Lowry, Boyle, Gardner, Mann

THE JOLIET ARSON CASE.

A WOMAN ON TRIAL CHARGED WITH SETTING FIRE TO THE ASYLUM.

"THE BEST IS THE CHEAPEST."

Many persons are under the impression that Ivory Soap is an expensive, and intended for the use of the wealthy only. The fact is, the price is lower than for ordinary soaps, quality considered, for in the "Ivory" as "cheapness" or "make-weights" are used, as the buyer gets all "true soap" for her money. Its harmlessness, durability and efficiency admit of its being used for all purposes with equal satisfaction and economy in the families of the rich or poor.

A WORD OF WARNING.

There are many white soaps, each represented to be "just as good as the 'Ivory'." They ARE NOT, but the all resemble, but the peculiar and remarkable qualities of the genuine. Ask for "Ivory" Soap and insist upon getting it.

"ON THE WAR-PATH."

WE ARE DESPERATELY IN EARNEST about making our Overcoat and Reefer trade actively for the NEXT FIFTY DAYS, and of merchandise which we shall crowd on the forces of Chicago's entire army (and extra help). By an outburst of our imagination we will manufacture, by way of illustration, a few pairs of the popular

Overcoats and Ulsters

Such as are in GREAT DEMAND with the first touches of a savage young winter.

We have only to suggest that you ask for these goods when you call here or keep them in mind as a basis of comparison when you look elsewhere. Instead of impudently asserting the superior all of the virtues of the existing Universe and BATTING EVERYBODY on THE good for your sum, we beguile your attention to our methods, to our goods, and to our guaranteed prices. There are other good houses to trade, but our ambition is to LEAD the BEST. You must judge whether or not we do so. Now then—

GOVERNMENT TESTS.

The Royal Baking Powder Declared Superior to All Others.

The fact that Royal Baking Powder is, in all respects, the best baking powder offered to the public has been established beyond question.

Prof. H. A. Mott, when employed by the U. S. Government to analyze the various baking powders of the market to determine which was the best and most economical, after an extended investigation, reported in favor of the Royal, and it was adopted for government use.

Prof. Mott has continued his examinations of baking powders sold at the present day, and now affirms it as his deliberate judgment, arrived at after most thorough research, and a careful examination of the principal brands of the market, that the Royal is undoubtedly the purest and most reliable baking powder offered to the public. Prof. Mott, in his recent report says:

"The Royal Baking Powder is absolutely pure, for I have so found it in many tests made both for that company and the U. S. Government.

"I will go still *further* and state that, because of the facilities that company have for obtaining perfectly pure cream of tartar, and for other reasons dependent upon the proper proportions of the same, and the method of its preparation, the Royal Baking Powder is undoubtedly the purest and most reliable baking powder offered to the public.

Kirk's White Cloud Floating Soap.

Copyright, 1895, by Jas. S. Kirk & Co.

The Applications of Science

Constitute a distinctive feature of the age in which we live. Formerly the secrets of the laboratory were jealously guarded by a few, and were with difficulty wrested from their hiding places for practical employment. But now discoveries are willingly given to the world for its use and benefit, so that in our ordinary, every day life we enjoy the latest results of scientific research.

It is not many years since it was possible to offer to the public a combination like

Jas. S. Kirk & Co.'s White Cloud Floating Soap

For the simple reason that no one knew how to make it. Even after practical experience had pronounced itself of the best scientific knowledge, many tests and trials were to be made before all obstacles were surmounted.

When a piece of soap comes to represent the successful application of the latest word of science, it is no longer an insignificant thing but claims the interest of all who care for human progress and improvement.

FOR THE BATH, TOILET, AND LAUNDRY,

WHITE CLOUD IS THE CHIEF.

White Cloud floats; it is absolutely pure; it is as good as it is beautiful.

If your dealer does not keep White Cloud Soap send us 15c for pocket sample.
